▶ **Accurate, automated forecasts**
that are always up to date

Use your live pipeline and sales velocity metrics to better understand the financial position of your business - without the hassle of using spreadsheets.

▶ **Easily track & share sales**
performance

Improve sales performance by clearer tracking against targets. Get a real-time view of team, client and business performance against targets.

▶ **Spot problems earlier & keep your**
team updated

Spot deal slippage before it happens and take action earlier. Improve the accuracy of your forecasting with better collaboration and less guesswork.

▶ **Perfectly in sync with**
your CRM pipeline

HubSpot
Sales Hub

QuarterOne is great – we have never really had a clear way to review our sales forecast properly. It's very easy to see our position when we look at our pipeline in the QuarterOne app."

Dragonfly AI

Enterprise Martech Software Business, UK

QuarterOne removes the need for messy spreadsheets that are out of date as soon as you create them. Setup was accomplished in minutes and we now have up-to-date data, enabling us to make more informed decisions."

Quanton

Business Process Automation Advisor, NZ
